

TABIATT

Oak wall shelf

« TABIATT is particularly close to our hearts, as it is the first object to be part of the PRATIKA INTRANO brand. »

The first sketches of this wall shelf were made for a private commission in 2013. For the PRATIKA INTRANO brand, we have slightly reworked its proportions and adapted its fixing system.

TABIATT is fixed to the wall with two invisible screws which are incorporated in its uprights. The thickness of the rear uprights creates a space between the shelf and the wall, allowing for mounting on irregular surfaces. Several shelves can be installed on the same wall to create a personal and dynamic visual language.

Made of oiled solid oak, it will acquire a patina over time and become more and more beautiful.
