Oak stool

**pratika**  
intrano

« TABOERA is a stool and small side table inspired by the old “upright” farm stools, its structure is reduced to the essentials and its adapted crossbeam is used as a surface storage space. »

TABOERA can be used both in your entrance hall to help you put on your shoes, and next to your bed to put your bedside books.

Made of oiled solid oak, it is mounted on four synthetic glides which ensure good stability and prevent it from marking the most delicate floors.
