

VASUN

Aluminium vase

pratika
intrano

« With VASUN we wanted to make a vase which gives maximum value to the contents : a tight collar with a wider base, combined with a black anodised aluminium finish, seems to us to be the ideal solution to enhance both a cut flower and a bouquet. »

VASUN is made with a craft technique that requires great skill: metal spinning. Several operations are necessary before shaping VASUN into its final form.

Technical specifications

VASUN

Type of product
Aluminium vase

Dimensions (cm)
Ø9 x H18 cm

Contents
800 ml

Materials
Hand spun aluminium
Black anodization
